- Changelog: <https://www.mageplaza.com/changelog/m2-frequently-bought-together.txt>
- License agreement: <https://www.mageplaza.com/LICENSE.txt>

## How to install

Install ready-to-paste package

- Download the latest version at <https://store.mageplaza.com/my-downloadable-products.html>
- Installation guide: <https://www.mageplaza.com/install-magento-2-extension/>

## How to upgrade

- Backup your Magento code, database before upgrading.
- Remove FrequentlyBought folder
- In case of customization, you should backup the customized files and modify in newer version.

- 
- Now you remove app/code/Mageplaza/FrequentlyBought folder. In this step, you can copy override FrequentlyBought folder but this may cause of compilation issue. That why you should remove it.
  - Upload new version
  - Upload this package to Magento root directory
  - Run command line:

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:static-content:deploy
```
